July 14th, 2014

Phoenix Aircraft Investments (UK) Limited

Thank you for the opportunity to submit a proposal for a loan.

The following document describes the loan purpose, the asset it's secured against, how repayments will be made at what frequency and the supplemental terms of the loan. We have also included information from Ascend Worldwide, who are one of the premier valuers in our sector along with a short public video from ATR describing the fuel efficient nature of the ATR to give you information on the type of aircraft the ATR is. They have many other videos at 'ATRbroadcast' on YouTube.

The purpose of the loan is to release some of the equity that we hold within an aircraft which we purchased from Air Tahiti and leased to SATENA. We will be reinvesting the funds in our next transaction with SATENA. The original transaction closed in January 2014 on a lease term of 72 months and was funded by a loan from a major European bank and our equity.

As discussed, we are releasing some equity in order to fund further transactions, but remain in the transaction with 50% of the residual value of the aircraft belonging to Phoenix Aircraft Investments UK Ltd at the end of the term. The loan is secured via a registered mortgage over the entire ownership shares of Phoenix Aircraft Investments (UK) Ltd which in turn is secured by MSN 621 an ATR 42 500 aircraft via shares in a special purpose vehicle (Phoenix Aircraft ATR 621 LEASING Corp.) which owns the aircraft (a typical structure in the aircraft leasing business).

Ascend residual value projections (available in the documents to download) shows a residual value at the end of the term of \$4.06 million (£2.36 million at today's rates). Ablrate Assets Limited are also a named director on Phoenix Aircraft Investments (UK) Ltd in order to secure lending members interests in the transaction.

The aircraft will be sold at the end of the term to repay Lending Members, or refinanced to repay Lending Members with the aircraft having a projected lease yield at that time of \$852,000 per annum (£496,000 per annum at today's rate).

We are posting an initial tranche of £100,000 of this transaction and setting a rate of 10% on a fixed rate basis with capital repayment in six years.*

We may add more of this transaction at a later date as we assess the interest from lenders.

We look forward to your bids. If you have any questions please use the Ablrate site and we will promptly answer your queries.

Sincerely,
Antony Griffin
CEO
Phoenix Aircraft Investments Ltd

*Loan units will be eligible for sale on the Secondary Market

Phoenix Aircraft Investments

Who they are

Phoenix Aircraft Leasing (UK) Ltd is a special purpose vehicle company of Phoenix Aircraft Leasing Pte Ltd. Phoenix was incorporated in 2005 in the Republic of Singapore by Antony Griffin, one of the founding Directors of TransAsian Aircraft Leasing and TransWorld Aircraft Leasing as a development out of the experience and activities of these companies in the airline markets of Asia and to build a specialist regional aircraft leasing and sales facility in South East Asia and the surrounding countries.

The continuing growth of the airline industry in this region has provided a huge potential for the demand to be serviced by a true regional specialist providing a full service aircraft leasing company, especially in regional turboprops and regional jets.

What they do

Tony Griffin and his companies have been leasing and selling commercial aircraft in Asia and world-wide since 1969 with their offices in Singapore, the Philippines, Indonesia and Malaysia and have a long and active experience in this market. Customer and supplier airlines over the last forty years have included full service airlines, regionals and domestics including such airlines as Singapore Airlines, Air France, KLM UK, KLM Citihopper, British Airways, American Airlines, Northwest Airlines, China Airlines, Saudia, UBA and Myanmar Airways, Korean Airlines; Garuda Indonesia; Merpati Nusantara; Mandala Airlines; United Airways (BD) and many others.

Since opening in Singapore nine years ago, Phoenix Aircraft Leasing has purchased, leased out and sold 40 commercial airline aircraft from companies as diverse as ATR, China Eastern Airlines; Lufthansa, Flightline; Cyprus Airways, Adria Airlines and Island Air, Hawaiian. These aircraft have included the Airbus A310 Widebodies; Airbus A 320-200; Boeing BBJ; MD 82 and 83s; ATR 72 and- 42 turboprops; Bombardier Dash 8 turboprops and Fokker F 100s.

Why they do it

The aircraft leasing industry is a lucrative business, however the regional aircraft market has traditionally been a difficult market to attract finance for leasing companies. Phoenix decided 9 years ago to use their experience in the market to set up in Singapore and specialise in regional aircraft. Phoenix have completed 40 transactions since this time and have been profitable from inception.

LOAN OVERVIEW

Introduction

Phoenix Aircraft Leasing Pte Ltd of Singapore purchased the aircraft from Air Tahiti and contracted to lease the aircraft to SATENA the government owned airline of Colombia. The transaction closed and began a 72 month lease term in January 2014.

Loan

- Loan Required: £100,000
- Interest offered: 10%
- Term: 6 years
- Security: Underlying security is ATR 42 500 MSN 621
- Fully Insured with ownership company as beneficiary
- Serial Number: MSN 621

Lessee Description

SATENA was first established on April 12, 1962 by the President of the Republic, Alberto Lleras Camargo, who created the airline using Decree 940 in order "to form an aerial transport service for the benefit of the underdeveloped regions of the country, with the object of promoting the welfare of educational campaigns, agricultural and pastoral development and the economic and social progress of such territories." In order to achieve this under government auspices, the airline was then entrusted to the control of the Colombian Air Force.

Over the last 4 years they have been adding a fleet of turboprop aircraft and currently operate 9 ATR aircraft including two leased from Phoenix Aircraft Leasing, the first was delivered in February 2012. Payment on this aircraft (and the history Phoenix have with MSN 621) has been first class.

ABLRATE RATING

Our rating is based on our own internal credit profiling of the lessor, the asset, the lessee and the due diligence performed on the transaction as it stands. This rating is an internal rating, performed on a best efforts basis, and should not be taken as guarantee by Ablrate.

Explanation of our rating:

- 1** Excellent security profile of the asset, excellent credit profile of lessor and lessee.
- 2** Excellent security profile of the asset and excellent credit of the lessor, good credit profile of the lessee.
- 3** Excellent security profile of the asset, good profile of the lessor and lessee.

Asset:

The aircraft in question has been well maintained and also has maintenance reserves paid by the lessor each month on top of the lease payments in order to ensure that the maintenance schedules are kept up to date. The professional valuations on the aircraft show excellent security through the term of the loan. The structure of the transaction is a typical aircraft structure and we have reviewed all of the paperwork involved including all mortgages lodged to secure the aircraft.

The bank involved is a major institution with over 15 million customers and 45,000 employees and they performed extensive due diligence on the transaction via a top tier aircraft law firm.

The aircraft carries full insurance in the event of any damage or loss.

Lessor:

The lessor is a well respected lessor in the regional aircraft space and has leased two aircraft to SATENA with a third scheduled for delivery in September 2014. The Lessor has been profitable from inception in 2005.

Lessee:

The lessee is a government owned airline and been paying on time on previous leases. The lessee has a fleet of 23 aircraft and has been operating for 50 years.

RATING:

1

Based on our review of the due diligence performed, structures and security documentation, the asset backing the transaction and the participants in the transactions, we have rated this transaction as a 1.
